---

## Keynote Speaker

**Sarah Webb**  
**Cool Congregations Coordinator**  
**Iowa Interfaith Power & Light**

Sarah first became involved with Iowa IPL when she learned about the proposed coal-fired power plant in Waterloo. She was dismayed that a state poised for leadership in renewables would think of a building new coal plants. So together with two other mothers from St. Luke's Episcopal Church in Cedar Falls who were deeply concerned for the Iowa our children will inherit, she started Cool Congregations. Cool Congregations was adopted as a program of Iowa IPL in January 2007. Sarah can be reached at [coolcongregations@iowaip.org](mailto:coolcongregations@iowaip.org) or by phone at 319.273.2038.
