Wisconsin Interfaith Power & Light *Launch Event!*

RSVP Today *Forward this invitation to friends, colleagues, and members of your faith community!*

"People of All Faiths Working Together for a Just and Sustainable Future"

www.WisconsinIPL.org

Sunday, May 15, 2011

3:00-5:00 pm

(Holy Wisdom tour starts at 2 p.m.)

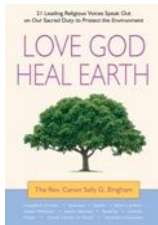

Holy Wisdom Monastery
4200 County Highway M
Middleton, WI

Keynote by Sarah Webb
Iowa Interfaith Power & Light,
founder of **Cool Congregations Program**

- Presentations:
 - How to save money and reduce pollution with Cool Congregations
 - How to form a Green Team to help your congregation care for creation
 - How to shrink the carbon footprint of your house of worship
 - How to be an advocate for a just and sustainable energy future
- Exhibits by faith-based creation care groups, congregations, and other organizations
- Guided Tour of [Holy Wisdom Monastery](#) – recipient of the highest rating from the U.S. Green Building Council (starting at 2 p.m. and ending before the event begins).

This event is free, but Please RSVP if you are interested in attending -- even if you are not sure -- to help us prepare for the event.

See the [WIPL Launch Page](#) for more information.

BONUS! Have your congregation recognized at this event for its commitment to save energy and combat climate change by completing and returning the [Congregation Covenant](#) form by May 1. The first forty congregations to return their form will receive a FREE copy of *Love God, Heal Earth*, edited by The Rev. Canon Sally Bingham, founder of IPL, and with contributions by 21 religious leaders from diverse faith communities.

Wisconsin Interfaith Power & Light (Formerly known as Wisconsin Interfaith Climate & Energy Campaign) is now a state affiliate of the national Interfaith Power & Light.

The mission of Wisconsin Interfaith Power and Light shall be to inform, train, and activate people of all faiths and faith communities to take concrete steps in response to global warming through the promotion of energy conservation, energy efficiency and renewable energy in order to protect Earth's ecosystems, safeguard public health, and ensure just, sufficient and sustainable energy for all.
